

Your privacy is very important to us. We want you to work on the Internet in an enjoyable and useful environment using the widest range of information, tools, and opportunities offered by the Internet. Your personal data collected during the registration procedure (or at any other time) is mainly used to prepare the Products or Services in accordance with your needs. Your personal data won't be shared or sold to third parties. However, we may partially disclose your personal data in special cases described in this Privacy Policy.

#### Privacy Policy Frameworks

This Privacy Policy (hereinafter - the "Policy") applies to information received through this website, other websites, widgets and other used interactive tools that have a link to this Policy (hereinafter - the "Website") from users of the Website (hereinafter - "Users").

The following rules describe how Synergy University and the World Smart Sustainable City Organization (hereinafter – “WeGO”) handles any information directly or indirectly relating to specific or determinable individuals (personal data subject) (hereinafter - the “Personal Data”) in order to provide services using the Website.

Users include all individuals who connect to the Website and use the Website.

Users expressly consent to the processing of their Personal Data as described in this Policy. Processing means any action (operation) or set of actions (operations) with the Personal Data performed with or without the use of automation tools, including collection, recording, systematization, accumulation, storage, clarification (update, change), extraction, use, transfer (distribution, provision, access), blocking, deletion, destruction of the Personal Data.

This Privacy Policy is effective from October 01, 2020.

#### Controlling and processing persons

Users shall agree that:

By using the Website and accepting the terms of use published on the Website, the user expressly agrees to the processing of his/her Personal Data using methods described in this Policy.

Processing of User Personal Data shall be carried out by the Personal Data Operator - Synergy University (INN: 7729152149, OGRN: 1037700232558) **and WeGO**.

#### Purpose of the data collection

Your name is used to contact you personally, and your e-mail is used to send you newsletters, training news, useful materials, and commercial offers. You can unsubscribe from mailings and delete your contact information from the database at any time by clicking on the unsubscribe link present in each email.

#### Collection of Personal Data

When registering on the Website, Users confirm their consent to the terms and conditions of this Policy and their consent to the processing of their Personal Data under this Policy, in addition. They also agree to the processing of their Personal Data on the servers of Synergy University located on the territory of the Russian Federation.

The processing of the Personal Data shall be carried out no longer than required by the purposes of the Personal Data processing set out in this Policy (except in cases provided for by the Russian Federation laws).

Synergy University may process the following Personal Data:

- email address and other contact information;
- messages sent using the Website and messages sent to Synergy University and WeGO;
- other information about the User's interaction with the Website of Synergy University and WeGO, the results of collecting statistics on visits to the Website of Synergy University and WeGO and publicly available information about programs and devices used for such access;
- additional information requested by Synergy University and WeGO from Users to verify their identity.

#### Data Processing

The Website uses cookies and data about users of the Google Analytics service. This data is used to collect information about the actions of visitors on the Website in order to improve its content, improve the functionality of the Website and, as a result, create quality content and services for visitors. You can change your browser settings at any time so that the browser blocks all cookies or notifies you when they are sent. Please, note that some features and services may not work properly in this case.

#### Data Protection

We use a variety of administrative, managerial and technical security measures to protect your personal information. Our Company adheres to various international standards of control aimed at operations with personal information, which include certain control measures for the protection of information collected on the Internet. Our employees are trained to understand and implement these control measures, and are familiar with our Privacy Notice, standards, and instructions. However, while we strive to protect your Personal Data, you must also take steps to protect it. We strongly recommend you to take all possible precautions while browsing the Internet. Our services and websites ensure protection against leakage, unauthorized use and alteration of information that we control. While we do our best to ensure the integrity and security of our network and systems, we cannot guarantee that our security measures will prevent unauthorized access to this information by third-party hackers.

If this privacy policy changes, you will be able to read about these changes on this page or, in special cases, receive a notification by e-mail.
